

Photo Story

Photo Story is an easy and fun way to organize your photographs or scanned artwork. You and your children can become official movie makers by downloading this free program from

www.windowshotostory.com

Here are step by step instructions on how to create your 1st movie!
Have Fun!!!

- Begin a new story... Next >**
- Import and Arrange Pictures**
 - To import pictures click **“Import Pictures”** You may **“Control Click”** and highlight several pictures at the same time.
 - You can rotate an image by clicking the **Green Arrows**
 - You may crop a picture by clicking **“Edit”** and then check the **“Crop”** Box. Move your box by dragging on the corners.
 - You may add an effect by choosing the tab **“Add Effect”** and then select from the drop down menu.
 - **“Save”** or click the **>**
 - Repeat as necessary... When you are ready to move on click **“Close”**
 - **Next >**
- Add a Title to Your Pictures**
 - You may add text to any of your images by first clicking on the image and then typing in the text box.
 - Change the color of the font, center, or move your text up or down by playing with the formatting options.
 - **Next >**
- Narrate Your Picture and Customize Motion**
 - You may add narration to each of your pictures by clicking on an image and then click the **Red Circle Record Button**. When you are done recording click the **Black Square Stop Button**. Repeat as necessary.
 - To add motion click on **“Customize Motion”** Check the box that reads **“Specify start and end position of motion.”** Move the boxes around. Click **“Save”** or click the **>** and repeat as necessary. When you are ready to move on click **“Close”**
 - **Next >**
- Add Background Music**
 - You may add music by clicking **“Create Music”**
 - Choose a **“Genre” “Style” “Band” “Moods” “Tempo”** and **“Intensity”** from the selections.
 - To hear what it sounds like click **“Play”**
 - When you are finished click **“OK”**
 - You may now preview your show by clicking **“Preview”**
 - **Next >**
- Save Your Story**
 - To save your story click **“Save Your Story For Playback on Your Computer”**
 - Change the file name to your student's first and last name. You can find this in the center of the screen in **“File Name”**
 - **Next >**
